## **AFTER THE FIRES:** ISSUES FACED BY INSURERS AND INSURANCE CONSUMERS AND THE ROLE OF THE DEPARTMENT OF INSURANCE

Joel Laucher California Department of Insurance Insurance Commissioner Ricardo Lara

#### THE CALIFORNIA RESIDENTIAL INSURANCE MARKET

#### **Approximately**

- -6,150,000 homeowners policies
- 2,000,000 dwelling policies
- 1,000,000 condominium policies
- 270,000 manufactured home policies
- -2,220,000 renters policies

# <u>2017</u>

- 54,774 Claims
- •7,165 Total Losses of Structure

## WILDFIRE LOSSES

 \$12.3 billion Direct Losses Incurred (All Lines)

# <u>2018</u>

- 59,631 Claims
- 14,318 Total Losses of Structure

\$13.8 billion Direct Losses Incurred (All Lines – includes Montecito)

## INSURER LOSS EXPERIENCE 2017

2017 Loss Ratio for Homeowners Insurers – 201.17% (2016: 54.14% for comparison)

\$7.7 billion in premium, \$15.4 billion in incurred losses

State Farm – 275% loss ratio CSAA – 246% loss ratio Liberty Mutual – 225% loss ratio Farmers – 149% loss ratio Nationwide – 421% loss ratio

#### INSURER LOSS EXPERIENCE 2018

 2018 Loss Ratio for Homeowners Insurers – 170.1%

\$8 billion in premium, \$13.6 billion in incurred losses

Travelers – 222% loss ratio State Farm – 89% loss ratio

 2018 Loss Ratio Fire Peril (for Dwelling and Commercial Structures) - 164%

\$939 million in premium, \$1.5 billion in losses

FAIR Plan – 257% loss ratio (Fire Policy)

# **CAMP FIRE**

### CLAIMS ISSUES THAT ARISE AFTER A WILDFIRE

- Underinsurance\*
- Demand Surge increased costs for housing, labor and material
- Inventory of Personal Property\*
- Time limitations on coverages\*
- Objections to land values being deducted when replacing home at another location

\*Coverage issues within insurers' control

Other concerns: emotional impact on the individuals and families, the economic impact on the community, the budget impact on the local government.

After the Camp Fire there are new concerns... WILL I KEEP MY COVERAGE? CAN I AFFORD IT?

## **CDI RESPONDS**

- CDI Consumer Services staff deploy immediately upon request of the OES to staff Disaster Recovery Centers and Local Assistance Centers.
- We have held one-on-one on-site claims workshops in Santa Rosa, Chico, Agoura Hills and Malibu.
- We also send representatives to dozens of community events in the fire ravaged areas to provide assistance and answer questions in the months after an wildfire.
- Commissioner Lara has toured the loss site and met with local officials at each event.
- Our hotline is open Monday through Friday.
- Complaints and Requests for Assistance can be filed online anytime.
- Our Enforcement staff joins with CLSB to deploy in fire areas
- 8 and protect against unlicensed contractors and criminals polara

*From the 2017 and 2018 disaster events, CDI has opened a total of 108 statutory mediation cases.								

**RICARDO LARA** INSURANCE COMMISSIONER

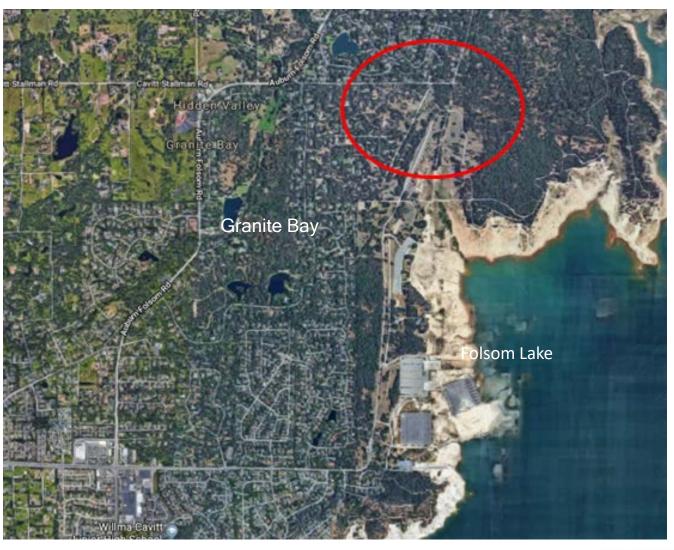

California Department of Insurance

#### WHAT YOU CONTROL

#### DEFENSIBLE SPACE ZONES

#### WHAT THE INSURER CONSIDERS

## UNDERWRITING LAWS

- Eligibility guidelines for new and renewals must have an objective relation to the insured's relative loss exposure – they must not be unfairly discriminatory (CIC 1861.05a)
- The insurer must provide 45 days notice of nonrenewal (CIC 675)
- And provide the applicant or insured with the specific reason for the declination or nonrenewal (CIC 791.10)
- Minimums of two annual renewals required for those with total losses from declared disaster and one year of continued coverage for homes in areas within or adjacent to the wildfire perimeter. (CIC 675.1)

## **REAL-TIME ISSUES**

- 45 Days notice for nonrenewal seems unfair when there is:
  - No consideration of individual tenure or claims history
  - No consideration of mitigation
  - No change in the individual risk
- No clear standards for a fire resistant structure
- There are currently insufficient coverage limits issues with FAIR Plan and CIGA
- New Paradigm: Many homeowners on fixed incomes purchased homes in the WUI and obtained insurance long before today's convergence of issues were a concern.

## FAIR PLAN "GROWTH"

California FAIR Plan Association Distribution of Dwelling Policies by FireLine Groups

	12/31/14	12/31/15	12/31/16	12/31/17	12/31/18	Change from 2014 to 2018
No B/W Exposure	e* 98,194	95,282	91,277	86,561	82,508	-15,686
Low B/W Exposu	<u>re* 6,096</u>	<u>6,281</u>	<u>6,220</u>	<u>6,176</u>	<u>6,281</u>	<u>185</u>
URBAN	104,290	101,563	97,497	92,737	88,789	-15,501
Medium B/W Exposure*	18,536	20,456	23,039	26,163	29,469	10,933
<u>Extreme B/W</u> Exposure*	<u>3,861</u>	<u>3,965</u>	<u>4,154</u>	<u>4,269</u>	<u>4,429</u>	<u>568</u>

## **INSURANCE RATES**

- Primarily based on recent past experience
- Projected for the upcoming year
- Loss results for the insured population are segmented for separate consideration of the results for each rating factor (examples):
  - Age of home
  - Public Protection Class
  - Type of roof
  - Wildfire score
- Catastrophe losses are placed into 20+ year average and applied to the non-cat losses

# FAIR PLAN RATE INCREASE

- Dwelling Fire Coverage
- 20.1% increase approved
- Effective 4/1/2019

The amount of rate change that results from the application of this increase varies across the many segments of the FAIR Plan policy population.

- Policies with lowest wildfire risk will receive a rate decrease of 10-30%.
- Policies with highest wildfire risk will receive as much as a 69% increase.

## EXAMPLES OF RATE IMPACT TO SPECIFIC POLICIES

Municipality	Old Premium	New Premium	% Change	\$ Change
Paradise	\$544	\$682	+25%	\$138
Paradise	\$340	\$441	+30%	\$101
Magalia	\$578	\$725	+25%	\$147
Paradise	\$920	\$1,193	+30%	\$273
Los Angeles	\$659	\$496	-25%	(\$163)
Los Angeles	\$748	\$660	-12%	(\$88)
Los Angeles	\$814	\$739	-9%	(\$75)
Los Angeles	\$837	\$741	-11%	(\$96)

## **INSURANCE REACTS TO RISK**

- As risk increases, the cost of insurance increases and the availability of coverage decreases.
- The best way to increase the affordability and availability of insurance is to decrease the risk.
- With 45 days notice of non-renewal, an insurer can walk away from any homeowners policy that doesn't meet its current guidelines (except under 675.1).
- Improved forest management, land use policies, building codes, fire detection and firefighting capacity are critical.
- Insurers have a role in this including supporting legislation that addresses these initiatives and by offering reduced rates for those homeowners and communities who mitigate their risk.
- Insurers should be required to simplify the claims process and make sure their customers are not
- <sup>21</sup> underinsured.

## HERE FOR YOU

Insurance Commissioner Ricardo Lara welcomes the opportunity to work with all California communities, individual consumers, the insurance industry, and our Legislature to make insurance more accessible, affordable, transparent, and responsive to the needs of all Californians.
